A. Patent Application (Tokugan) 2002-178829 (Unexamined Patent Publication (Kokai) 2004-23656) Claims 1-32

5 The “photography mode” illustrated in Figure 3 of the original Description of the aforementioned Patent Application A refers to a kind of image and, in Figure 3, the description scheme defined in relation to the kind of image.

10 In Paragraphs [0039] and [0076] of the original Description of the aforementioned Patent Application A, a structure is recorded whereby the corresponding relationship between the kind of image and the description scheme is modifiable by the user and said structure whereby a number of feature values are obtained from specified feature values is a clear matter for persons skilled in the art.

Furthermore, matters concerning specific embodiments do not exceed matters that could be determined easily by persons skilled in the art.
